STUDENT DEMOGRAPHICS

It is very important that you keep your child's records at the school up to date. This includes medications being taken, home address, phone numbers (home, work, and cell), e-mail address, and emergency contacts. For example, during inclement weather you will be contacted through the *Synervoice* phone system of any school cancelations. We must have your current phone number on file in order to contact you. Also, in an effort to increase communication with your child's teachers, we are encouraging all staff to create a directory of their student/parent e-mail addresses.

1. OUR STUDENT PLANNER

Our student planner provides parents and students with the information, procedures and policies of our Elementary/Middle School. Most importantly, however, it is designed as a tool to help students become organized as well as provide parents with daily assignments, activities and events taking place at school. We ask that our students and parents take time to review and discuss its contents at the start of the school year. We hope each student takes advantage of using the planner throughout the school year as a means for keeping track of assignments

The Board of Education, administrative team, and our staff strive for high academic and behavioral expectations. A close home and school relationship, built on mutual trust and respect, is necessary to promote the best interests of our students receiving a quality education. Communication between the school and home is a key component to the overall success of a child’s learning experience. The preceding page lists, for your convenience, the school administrative staff and other personnel, departments and phone numbers.

2. AUTHORITY OF THE LOCAL SCHOOL BOARD

The State Board and local Boards of Education derive authority from Section 3313.20 of the Ohio Revised Code, which provides: The Board of Education shall make such rules and regulations as are necessary for its government and the governments of its employees, pupils of its schools, and all other persons entering upon its school grounds or premises.

The State Board of Education believes the issues of student rights and responsibilities to be important to all students throughout the state. The State Board, however, is a strong advocate of local authority and, therefore, leaves the responsibility of developing guidelines for specific student rights and responsibilities up to local districts.

Section 3313.20 of the Ohio Revised Code authorizes Boards of Education, and not individual school administrators or teachers, to make such rules and regulations.

“Zero Tolerance” is advocated by the Board of Education for violent, disruptive, or inappropriate behavior and truancy.

The school district follows the guidelines of the Family Education Rights and Privacy Act (FERPA) regarding all student records.

Students must abide by the following regulations that have been adopted by the Newton Falls Exempted Village Board of Education. **Also, any amended school policies, additional school policies adopted, or changes to local, state, and federal laws during the school year, regarding the following regulations, will immediately replace the respective regulation**

printed in the following pages. Receipt of this handbook serves as a student's first warning.

3. DAILY PROCEDURES

Arrival: A student who is brought to school may not arrive before **8:15 a.m.** Supervision is not provided for students prior to that time. **School begins at 8:30 a.m.** Students arriving after **8:30 a.m.** are tardy. **All students arriving tardy to school must sign in at the School Office by an adult.**

Car Riders: An area is designated for the drop off of a car rider. It is the long oval drive west of the entrance to the middle school entrance to the front parking lot. The following procedures apply for the dropping off of students:

- students are to exit their cars only at the drop off
- students are not to be dropped off in the parking lot

Breakfast: Students participating in the breakfast program may go directly to the cafeteria from the buses. Students not eating breakfast are to report to their designated classroom.

Dismissal: (K-3) The school day ends at 3:15 p.m. End of the day sign out and pick up time is **3:00 – 3:10 p.m.** Students being picked up must be on our everyday pick up list or we must have a signed, dated note by **2:30 p.m.** on the day of pick up. **No information can be accepted over the phone, must be done in writing.** If you fax or email notes, be sure to follow up with a phone call to make sure the note has been received. It is the parent's responsibility to follow up. Students must be signed out in the dining area of the school by an **ADULT** (16 years of age or older) for grades kindergarten through grade 3. ALL students will be assigned a bus number at the beginning of the year. If there is no one present to sign out the student by 3:10 p.m., he/she will be put on that bus.

Dismissal: (4 & 5) The school day ends at 3:15 p.m. The oval driveway west of the school entrance is designated as car rider pick-up. The following procedures apply:

- cars must wait and remain in line
- students are to enter their cars only at the drop off stop where staff are on duty
- drivers must obey the directions of the staff on duty as the buses exit the parking lot
- students are not to be picked up in the parking lot

Parking Zones: Parents are asked not to park in the bus loading and drop-off zones in front of the school between 7:50 and 8:40 a.m. and from 2:50 until 3:30 p.m.

Early Dismissal: Unless there is a medical appointment or an emergency, students should not be taken out of school before dismissal. Parents are asked to send in a note or call the school whenever the child must leave during the school day. Parents are to report to the office

and sign their child out of school. The child will be called to the office when the parent arrives. Only individuals identified on the student emergency medical form may pick up a child. The school reserves the right to ask for pictured identification of the person picking up the child as a safety precaution.

Lost and Found: The school office collects items lost by students. Students and parents can check with the office to look for lost items.

4. ATTENDANCE-CALL-OFF NUMBER

Authorized absences are obtained by a parent/guardian calling **330-872-0695** by 8:30 a.m. of the first day a student is absent. An answering machine will answer this number 24 hours a day. The parent/guardian is to give the student's name, grade and reason why the student is absent. **A written excuse by the parent/guardian is to be delivered to the school office upon the student's return to school.**

5. ATTENDANCE POLICY

A. Philosophy and Reasons For Absences

It is the belief of the Board of Education that daily attendance in school is vital in helping a student achieve the maximum potential of his/her education. Irregular attendance is often a major indicator of poor achievement in school by a student. Our schools cannot provide continued and consistent instruction to a student who is not present in school on a regular basis.

State law specifically states that every youngster up to the age of 18 must attend school. The law is very clear on what constitutes a legal excuse for an absence from school. **No parent or guardian has the right to excuse his/her child from school for any other reason than those stated by state law or recognized by the Newton Falls Exempted Village Board of Education. Any parent so doing is in violation of the law-specifically, contributing to the delinquency of a minor.** Furthermore, children can be held accountable for the actions of their parents/guardians and be punished by school authorities for being kept from attending school.

The following are **acceptable reasons** for absences from school recognized by the Board of Education:

- Personal illness (a written doctor's excuse verifying the illness may be required after a child has been called off for this reason 5 times in a grading period or 10 times for the entire school year).
- Illness within the family
- Quarantine of the home
- Death of a relative
- Work at home because and exclusively for parent/guardian (applies to students over 14 years of age only)
- Religious reasons
- Vacations with parent/guardian or a person designated by the parent. The building administrator

must receive a written request two to five days prior to the departure and **the student has three (3) days to complete and submit all missing work upon their return.**

- All school sponsored activities in which the student is not in attendance
- College visitations of three days for a student possessing Senior status
- Any activity or circumstance given approval by the building administrator/Superintendent.
- A summons to appear in Court

B. Definitions

Absence means failure of a student to attend school and/or a class assigned for instruction.

Due Process Appeal means a request for reconsideration of a decision rendered. The Due Process procedure includes:

- **Step 1**-a committee composed of the building administrator, guidance counselor, and the student's teacher(s)
- **Step 2**-Superintendent of Newton Falls Exempted Village School District
- **Step 3**-Newton Falls Exempted Village Board of Education

Partial Absence means a request from the parent/guardian for a student to be dismissed from school at a specified time due to an **excusable reason** (as per board policy) should be called into the attendance secretary at least one-half hour prior to dismissal.

Excused Absence means an absence of a student that meets standards as defined by Section 3301.51.13 of the Ohio Revised Code and/or others approved by the Newton Falls Board of Education (see listing) as well as meeting the allocated time period for notification of an absence.

Extended Chronic Illness means an absence period of ten consecutive excusable absences caused by a medical problem, which has been confirmed in writing by a student's physician. The school will provide for alternative educational instruction to take place at a time and place convenient for all parties.

Habitual truant means any child of compulsory school age who is absent without legitimate excuse for 30 or more consecutive hours, 42 or more hours in a month, or 72 hours or more in a school year.

Tardy to school means arrival to school after its designated starting time.

Tardy to class means arrival to a schedule class or activity after its designated starting time. The bell schedule is the determining factor for tardiness to a class. However, a teacher's classroom regulation may extend beyond this definition.

Truancy means being absent from school without an excusable reason or without authorization from school personnel.

Unauthorized Absence means being absent from a scheduled class/activity/event without an excusable reason or without authorization from school personnel.

Unauthorized Departure is defined as leaving the school building or a scheduled class/activity/event without authorization from school personnel. **Five or more minutes** from a scheduled class/activity/event will classify the absence as unauthorized.

Unexcused Absence means an absence that does not meet the standards as defined by Section 3301.51.12 of the Ohio Revised Code and the Newton Falls Board of Education and/or any absence that is not verified by parental/guardian notification within the 48 allocated time period.

C. Absence Policy

The Newton Falls Exempted Village Board of Education has established a maximum of nine (9) unexcused absences per semester and eighteen (18) unexcused absences per academic year as a basis for academic credit.

Students in Kindergarten through grade eight may be retained if they have accumulated beyond the ten percent limit (18 days) during the academic year.

All out of school suspensions shall be designated as unexcused absences. A student in grades K-8 will be permitted to make up tests and major projects for academic credit missed due to a suspension from school. Daily assignments, such as homework, quizzes, and in-class assignments missed due to a suspension, are not to be made up for credit

A zero percent shall be assigned for all tests, assignments, projects, etc., missed due to an unexcused absence other than those related to a suspension from school.

Students absent from school shall receive one day for each day designated as an excused absence to complete missed assignments, tests, quizzes, etc.

A student who receives work prior to leaving for a vacation and/or during an extended absence shall present all assignments to the classroom teacher upon his/her return to school. The student has three (3) days to complete all missing work. For the purpose of academic credit/promotion, a student will receive **one-half day absence** if he/she is absent from school more than the building allotted time for tardiness up to **3 hours 20 minutes**. A student will be considered absent a **full day** if he/she misses **more than 3 hours 20 minutes**.

A student who is by definition habitually truant from school or class, absent beyond the nine unexcused absences (for a semester course) and 18 unexcused absences (for a yearly course), will be **required to attend with their parent/guardian the Truancy Attendance Intervention Plan/Program**. Students failing to participate in the plan/program will result in charges being filed at the Trumbull County Juvenile Court. Any parent who does not complete the program may be reported to law enforcement authorities for parental education neglect, a fourth-class misdemeanor if found guilty.

6. ATTENDANCE PROCEDURES

Parents need to notify the school on the first day a student is absent; **otherwise, the student will be marked unexcused and not permitted to make up any missed assignments**. It will be helpful if the parent can notify the school if the absence will be extended beyond that day. In such cases, it will not be necessary for the parent to call the school on a daily basis for an extended absence.

An answering machine is available 24 hours a day for parents to report a child's absence. If the school is not notified by 10:00 a.m., the school will attempt to reach the parent by phone.

A written letter from the parent/guardian upon the return of the student to school explaining the reason for the absence will be accepted as an excused absence. A parent/guardian will have **48 hours after the student's return to school to submit a written excuse**. The building administrator has the discretion to extend the 48-hour grace period.

If no excuse is provided or if a doctor's excuse is required/requested and one is not provided or received after the allocated time period, the absence will be designated as *unexcused and all work will receive zero credit.*

The school's daily attendance is reported by period on DASL (the State reporting software) to notify teachers as to the proper status of a student's absence.

The Board of Education reserves the right to verify such statements/excuses and to investigate the cause of each single absence or prolonged absence.

7. TARDINESS

Students arriving to school after 8:42 a.m. and before 10:06 a.m. are designated tardy.

All students arriving after the **8:30 a.m.** tardy bell must sign in at the Attendance Office and receive an Admit Slip to enter class. No student will be permitted to enter a class without an Admit Slip.

Acceptable reasons for arriving tardy to school are the same as the acceptable reasons for being absent from school.

Students need to provide a written excuse from their parent/guardian for their tardiness. **A student will have 48 hours to submit a written excuse for his/her tardy.** Failure to provide a written excuse will result in the tardy being designated as ***unexcused***. A student will not be permitted to make up missed assignments, tests, quizzes, etc., due to an unexcused tardy. A tardy is designated as an ***excused*** tardy if it results from:

- Personal illness (a written doctor's excuse verifying the illness may be required after a child has been called off for this reason 5 times in a grading period or 10 times for the entire school year).
- Illness within the family
- Quarantine of the home
- Death of a relative
- Vacations with parent/guardian or a person designated by the parent. The building administrator must receive a written request two to five days prior to the departure and the student has three (3) days to complete and submit all missing work upon return.
- A medical appointment
- All school sponsored activities in which the student is not in attendance (applies to absences of up to 24 hours)
- College visitations of three days for a student possessing Junior/Senior status.
- A summons to appear in Court
- Summons to appear in court
- An activity or circumstance given approval by the building administrator

A student will be permitted to arrive to school tardy on three (3) occasions during a semester without penalty, regardless of the reason. Beginning with the **fourth** tardy, a detention will be assigned for every unexcused tardy. A student may accumulate a **maximum of twenty (20) unexcused tardies during the school year**. Students with excessive tardiness will be subject to disciplinary actions, which may include attending with their parent/guardian the Truancy Intervention Program- Continued tardiness will result in a referral to the Attendance Intervention Team resulting in an Attendance Intervention Plan/Program.

Unexcused tardiness to school will impact a student not receiving academic credit in a course due to the maximum number of absences permitted in a class (refer to Attendance Policy).

The classroom teacher will handle unauthorized tardiness to class by submitting a referral for discipline to the office.

If a student is detained by the office or another teacher causing the student to report to class after the tardy bell, the ***student should request an admit pass from said teacher.***

8. PARENT/TEACHER COMMUNICATION

Communication between teachers and parents is vital to the overall success of the student. Parent conferences are scheduled twice during the school year. Parents are encouraged to contact teachers or the school should concerns arise. Communication includes the phone system as well as the website and teacher's e-mail address. Parents can also schedule a conference at anytime with a teacher(s).

9. DISTRICT TEST SECURITY PROVISIONS FOR OHIO STANDARDIZED TESTING

It is unethical and illegal to alter a student's responses or to assist a student to cheat in any way on Ohio Standardized Testing.

Except for the practice test materials, the tests may not be reproduced or released to students, parents, the media, or to any other individual or group.

Examiners shall personally distribute and collect test materials. Students leaving the testing room after materials have been distributed shall not be permitted to take any materials from the testing room.

Students confirmed of cheating or assisting another student to cheat will be subject to disciplinary action. An individual's test may be invalidated for any violation.

Test results shall be listed on each student's permanent record.

Students and/or their parent/guardian shall have the right to see their individual test results in the form provided by the State Department of Education. Requests to review results will be in accordance with District policy.

Violations of test security provisions should be immediately reported to test proctors and/or the district test coordinator.

These procedures are in accordance with test security provisions of ORC 3301-13-05. The complete district policy is on file with the district test coordinator, principals, and superintendent.

10. FEES AND FINES

Students enrolled in the District are furnished basic textbooks without costs. However, a fee for consumable materials and supplies used in the instructional program is established at the beginning of each school year and may vary as the cost of materials and supplies fluctuates.

The District does not charge students eligible for free lunch under the National School Lunch Act or Child Nutrition Act a fee for any materials needed to participate fully in a course of instruction. **However, a waiver must be signed and returned to the school. This**

provision does not apply to extracurricular activities and student enrichment programs that are not courses of instruction.

Fines occur when school property, equipment, or supplies are damaged, lost, or taken by individuals. **Free lunch eligibility does not exempt a student from paying fines.**

Grades and credits are not made available to any student, graduate or to anyone requesting same on his/her behalf until all fees and fines for that student have been paid in full. **Participation in extracurricular field trips will not be permitted unless payment has been received.**

11. DEFICIENCY REPORTS/REPORT CARDS

Deficiency reports (progress reports) will be sent out the fifth week of every grade period. The teacher may send additional notices if deemed necessary. Report cards, issued once every nine weeks, are given to the student on the Friday following the end of the nine-week period.

12. ELEMENTARY/MIDDLE SCHOOL GRADING PROCEDURES

Numerical Grading Scale

A+ = 97 – 100	C+ = 77 – 79

B+ = 87 – 89	D+ = 67 – 69
B = 83 – 86	D = 63 – 66
B- = 80 – 82	D- = 60 – 62

Incomplete Grades/Coursework

Students must complete all make up work within two weeks of the completion of a grading period with the exception of the last grading period. All incomplete work must be made up by the last day of school during the last grade period. Failure to complete

coursework will lead to a grade of "F" instead of an incomplete. Credit may be denied if a student fails to demonstrate knowledge of the subject matter, measurable signs of improvement, and signs of progress toward completion of assigned work or poor attendance.

Each grade level has their own homework policy.

13. PROMOTION AND RETENTION

Guidelines for grades K through 5 are as follow:

Any student who fails two or more academic core subjects may be retained.

14. STUDENT USE OF TECHNOLOGY

The Newton Falls School District is providing access to its computer networks and the Internet **ONLY for** educational purposes. All Internet users are expected to abide by the rules covered below.

Students are permitted to use approved personal electronic devices for educational purposes under the directions of school personnel. Students using their own electronic devices may access only the wireless internet provided by the district and must abide by the District Acceptable Use Policy and Guidelines.

Any violation of the following rules and items found in the Technology Acceptable Use Policy will be considered a violation of the school district's code of conduct. The building administrators and staff reserve the right to terminate immediately the transaction or account of any student or person who misuses the system. The system administrators will deem what is inappropriate in accordance to the district's *Technology Acceptable Use Policy*, and their decision is final.

Each device must be scanned for possible viruses and properly configured for network access in accordance to the district's agreement with their Internet Service Provider. In order for a laptop to have access to the district's network, it must have an updated, active, virus scanning utility installed and working properly.
8. Students shall not distribute any personal information electronically through the district's computer network or share their username and password with any other person(s). Personal information includes, name, address, phone number, and e-mail address or screen names.

15. FIRE, TORNADO DRILLS, and LOCKDOWNS

State law requires fire and tornado drills as well as the new safety and security lock-down drills to be held on a regular basis. The district will continue to develop the ALICE system for crisis situations. Detailed information regarding these drills is posted in each classroom. The use of cell phones will not be permitted during these drills.

16. RESTRAINT AND SECLUSION SUMMARY

It is the policy of this District to use positive behavioral interventions and supports. The behavioral intervention technique of restraint will only be used by trained personnel, in a manner that is age and developmentally appropriate, to address student behavior that poses an immediate risk of physical harm to the student or others, when no other safe or effective intervention is available. Restraint will not be used to obstruct a student's breathing or mode of communication. District employees will not engage in the practice of prone restraint, any form of restraint which unduly risks serious harm or needless pain to a student, corporal punishment, child endangerment, deprivation of a basic need, seclusion and restraint of preschool children, non-prescribed chemical or mechanical restraints, or other aversive behavioral interventions.

The behavioral intervention technique of seclusion will only be used if a student's behavior poses an immediate risk of physical harm to the student or others and no other safe or effective intervention is possible. Seclusion will not be used as a form of punishment or discipline, to force compliance, for staff convenience, or as a substitute for other less restrictive means of assisting a student to regain control. Seclusion may only be used in an age and developmentally appropriate manner, for the minimum amount of time necessary to protect the student or others from physical harm, and in an unlocked room or area with adequate space, lighting, and ventilation. Students in seclusion will be under the supervision of a trained employee who is able to constantly observe the student for indications of physical or mental distress requiring removal and/or immediate medical assistance.

Each instance of restraint or seclusion is documented in a written report, which is kept in the subject student's education record and made available to the student's parents within 24 hours of its occurrence. The District will respond in writing within 30 days of receiving a complaint regarding a documented use of restraint or seclusion. Students who repeatedly engage in behavior necessitating restraint and/or seclusion will receive a functional behavioral assessment to identify and more effectively address the student's needs.

It is important to notify the school if your child has a chronic health condition such as asthma, insect/food allergies, seizures, diabetes or any other condition that may affect them during the school day.

Administration of Medications to Students
