So what is the NF Zombie Apocalypse Run?

The Zombie Apocalypse Run will be a run, but also a game.... It is Zombies vs. Humans. Each runner will either be a Zombie or a Human.

First, dress up and be a zombie or be one of your favorite Zombie Survivor Humans (The Walking Dead, Zombieland, iZombie, Santa Clarita Diet, Night of the Living Dead, etc.) ! Just make sure your outfit is not a safety hazard to yourself or others. No sandals or flip/flops. Tennis shoes are preferred. (Weapons of any kind are not permitted on the school property. This includes fake weapons.)

Each runner will get three flags which will represent lives.

Zombies will try to steal flags from humans. Humans will try to steal flags from Zombies. The object is to get to the "Tiger Safety Zone" with at least one remaining flag.

Want to be a ZOMBIE?

You have been infected by the living dead virus. Your instinct is to eat human flesh.

You need to feed on humans before they can get to safety! How? You need to try to collect as many flags -- human lives -- along the course as you can. This is your food. You need food to survive.

If you follow a Human to the Tiger Safety Zone and have managed to collect at least one flag, you will be labeled as a content zombie--way less dangerous than just a race zombie.

If you follow a Human to the Tiger Safety Zone without collecting any flags, you will be labeled as a starving zombie--way more dangerous than just a race zombie.

BUT... beware, humans try to collect your flags too. If you lose a flag, you will be weakened.

Want to be a HUMAN?

You are among the few human survivors in Trumbull County. Your mission is to get back to the "Tiger Safety Zone" without being infected (still have flags) so you can save humanity! The more flags you keep, the more of a chance you have to save the human race.

Humans will be given flags to represent their "lives," and "race" zombies try to snatch the humans' flags. In addition to race zombies, humans will encounter "placed" zombies along the way who will be at various spots along the course! Placed zombies can be hidden or be in plain sight and will feed on humans (collect flags), but they can't run. Humans must strive to keep at least one of their flags so that when they reach the "Tiger Safety Zone" they will be labeled a survivor.
