

BASIC PRESENTATIONS

LAB 7

(50 Points)

Create a ten-slide Power Point presentation on one of the following topics:

- The ten traits of a computer technician.
 - A favorite car.
 - A favorite video game.
 - A lesson we've gone over that you liked.
- Slide **1** is your **title slide**. On this slide, include the title of your presentation and your name.
 - Name the PowerPoint **SH_Lastname_lab7** and save it in your **My Documents** folder.
 - Print **Handouts** for your presentation with **6** slides per page.
 - In the **header** for the handout pages include the date. In the **footer** for the handout pages, include your name.
 - Make sure you have **10** slides all together. **9** slides should have content on your topic and **1** slide should be your title slide.

Points per slide

- 1 Picture per slide. An image on the title page is optional.
(2 Points)
- Content either in bullets, text boxes, or charts (3points)

5 Point Objectives

- 1 slide must have multiple pictures that are grouped.
- 1 slide must have a chart
