

# NF National Honor Society Zombie Apocalypse Run

Another zombie outbreak has infected the world! A quarantine site has been set up at the Newton Falls School Complex. There is a safe haven once again at the school where survivors from all over are congregating to share resources and wait out the disaster. The local biology teacher, Mrs. Donley, has been working on a new vaccine and it is almost ready too, so you are coming to the right place! As the survivors settle in, there is a commotion. An unsettling feeling and panic sets in! The zombies are here! There is nothing to do but RUN!!
